

Label the Human Body

Name: _____ Grade & Section: _____ Date: _____ Score: _____

Write the name of each numbered part. Use the words in the box. One word in each box will not be used.

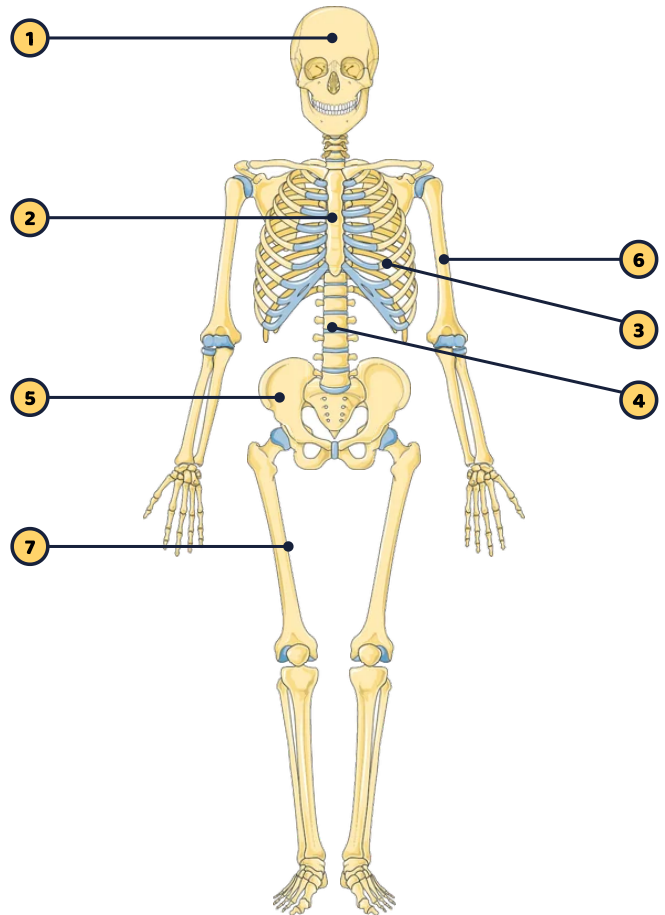

A Respiratory system

Bronchi	Bronchioles	Diaphragm	Esophagus
Larynx	Lungs	Nose	Pharynx
Trachea			

- | | |
|----------|----------|
| 1. _____ | 5. _____ |
| 2. _____ | 6. _____ |
| 3. _____ | 7. _____ |
| 4. _____ | 8. _____ |

B Skeletal system

Femur	Humerus	Patella	Pelvic bone	Ribs
Skull	Spine	Sternum		

- | | |
|----------|----------|
| 1. _____ | 4. _____ |
| 2. _____ | 5. _____ |
| 3. _____ | 6. _____ |
| | 7. _____ |

Organs, Joints and Muscles

C Match the organ to its job

Write the letter of the correct job on the line.

- | | |
|--------------------------|---|
| 1. _____ Heart | A. protect the heart and lungs |
| 2. _____ Lungs | B. muscle that helps you breathe in |
| 3. _____ Stomach | C. churns food with acid and juices |
| 4. _____ Kidneys | D. the control center of the body |
| 5. _____ Brain | E. pumps blood all around the body |
| 6. _____ Small intestine | F. filter the blood and make urine |
| 7. _____ Ribs | G. where oxygen enters the blood |
| 8. _____ Diaphragm | H. absorbs nutrients from digested food |

D What kind of joint?

Write **ball-and-socket**, **hinge** or **pivot**.

1. Shoulder (swing the arm in a circle) _____
2. Elbow (bend and straighten) _____
3. Neck (shake your head "no") _____
4. Hip (swing the leg forward and to the side) _____
5. Knee (bend and straighten) _____

E Three types of muscle

Complete the table. Write **voluntary** (I control it) or **involuntary** (works on its own).

Muscle type	Where is it found?	Voluntary or involuntary?
Skeletal		
Smooth		
Cardiac		

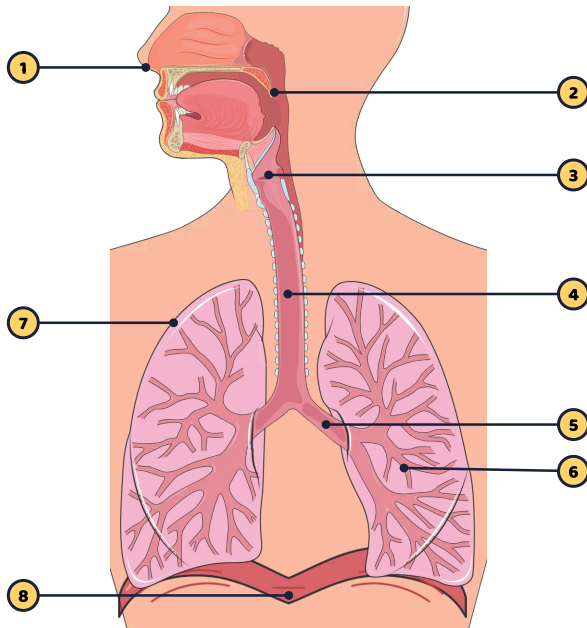

PLAY THE GAME

Body Factory: Build and Label the Body

Scan the code or visit aral-tayo-body-factory-body-systems.netlify.app to catch the organs and label the body in a free arcade game.

For teachers and parents. Accept answers that show the same idea in the learner's own words.

A Respiratory system

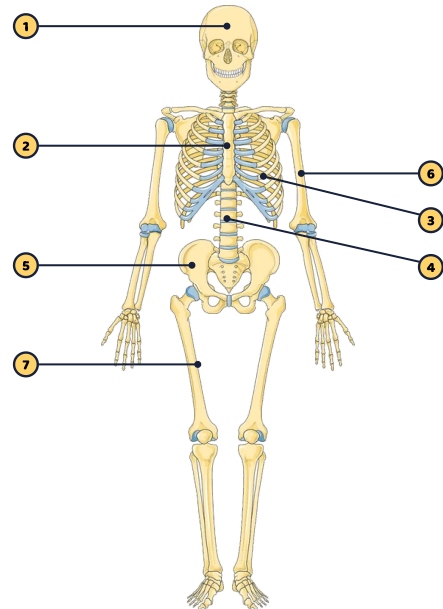

- | | |
|------------|----------------|
| 1. Nose | 5. Bronchi |
| 2. Pharynx | 6. Bronchioles |
| 3. Larynx | 7. Lungs |
| 4. Trachea | 8. Diaphragm |

C Matching

1. Heart: **E**
2. Lungs: **G**
3. Stomach: **C**
4. Kidneys: **F**
5. Brain: **D**
6. Small intestine: **H**
7. Ribs: **A**
8. Diaphragm: **B**

B Skeletal system

- | | |
|------------|----------------|
| 1. Skull | 4. Spine |
| 2. Sternum | 5. Pelvic bone |
| 3. Ribs | 6. Humerus |
| | 7. Femur |

D Joints

1. **Ball-and-socket**
2. **Hinge**
3. **Pivot**
4. **Ball-and-socket**
5. **Hinge**

E Muscles

- **Skeletal:** Attached to bones; voluntary
- **Smooth:** Walls of the stomach and intestines; involuntary
- **Cardiac:** Heart only; involuntary
